Events programme Jul - Sept 2017

In the following programme you will find a number of ways in which you can get involved in Richmond's local parks, nature reserves and open spaces. Sessions are run by Glendale's Nature Conservation Officer.

If you are running an event in the future and would like to see it listed here, please let us know.

Glendale Grounds Management and LBRuT

Glendale Grounds Management are the Council's newly appointed conservation contractors. As part of their commitment to nature conservation, they run a number of volunteering opportunities. As well as Nature's Gym, they also hold a number of community conservation events. For more information, please contact:

Glendale nature conservation officer Nature Conservation Officer : **07825 860 459**

Nature's Gym - see how you could become fitter and healthier by doing something positive for you and for your local environment!

Nature's Gym is a conservation volunteering programme that began in Lewisham, being run as a partnership between Glendale Grounds Management and Lewisham Council. It will now be coming to Richmond! It is a project that offers opportunities for you to improve your fitness by taking part in practical nature conservation activities in local nature reserves and parks. Nature's Gym is free, fun and no experience is needed. We cater for a range of abilities and there are usually a variety of tasks to carry out. It is a great way to visit local sites that you may not know about and lend a helping hand to improve the parks and nature reserves in the Borough.

Children under 16 are welcome but should be accompanied by an adult. We provide tools and refreshments and have a mid-session tea break.

Date Site Location Transport Activity Contact

NATURE'S GYM – WHAT YOU NEED TO KNOW:

Unless otherwise stated please contact the volunteer project leader to let them know that you are coming. It will help us determine how many tools we need and make sure we look out for you on the day. This is especially important if this is your first time with us or you have not been for a while, we wouldn't want you turning up to the wrong place looking for us!

Please note that sessions are subject to change. If in doubt please call the volunteer project leader, who will be able to confirm the details.

Toilets:

Not all sites have toilets, look out for the symbols below next to each site.

Toilet on site

No toilet on site

Toilet up to 10 minutes walk away

We will provide:

All tools, PPE and training. Tea/coffee will be available at the break.

You will need:

Appropriate clothing for the weather and task. Sturdy boots, preferably with steel toe caps. **NO sandals to be worn.**

Lunch if required for the break.

Extra water, especially on hot days would be advisable.

Any medication you need, i.e. inhaler, antihistamine etc.

Please make sure your tetanus inoculation is up to date.

Tetanus:
